The deposit was accompanied by: ☐ a scientific description ☒ a proposed taxonomic description indicated above.

The deposit was received August 28, 1992 by this International Depository Authority and has been accepted.

AT YOUR REQUEST:

☒ We will not inform you of requests for the seeds.

The seeds will be made available if a patent office signatory to the Budapest Treaty certifies one's right to receive, or if a U.S. Patent is issued citing the seeds.

If the seeds should die or be destroyed during the effective term of the deposit, it shall be your responsibility to replace with viable seeds of the same.

The seeds will be maintained for a period of at least 30 years after the date of deposit, and for a period of at least five years after the most recent request for a sample. The United States and many other countries are signatory to the Budapest Treaty.

The viability of the seeds cited above was tested September 9, 1992. On that date, the seeds were viable.
